

Dear Nichola

Thank you for your letter regarding our Foal Hurst Green development in Paddock Wood.

I can confirm that our literature does not reference Foal Hurst Wood as being part of the Berkeley development. Where Foal Hurst Wood is mentioned in our collateral, we state that it is adjacent to or adjoining. I can also confirm that we do not state anywhere in our marketing that we have direct access to the woodland.

If you would like to discuss in more detail, please do not hesitate to contact me.

Yours sincerely
