

HELP PADDOCK WOOD SHAPE ITS OWN FUTURE

NEIGHBOURHOOD PLAN CONSULTATION

Many thanks to all who previously provided ideas for inclusion in the Neighbourhood Plan. We have used those to prepare a draft Plan and are now seeking your feedback on this.

The purpose of the Plan is to enhance the built and natural environment within Paddock Wood and to inform developers about the wishes of Paddock Wood residents.

The Plan includes policies which will help shape future development up to 2038. This includes policies which focus on sustainable design, housing, green spaces, local heritage and facilities.

Please visit one of our drop-in events at the Day Centre, Commercial Road, on Friday 18th March 6-8pm or Saturday 19th March 1:30-4pm to find out more.

Please complete the questionnaire on the Town Council website or by hand, returning to the Town Council offices. You can also scan the QR code to access the questionnaire.
