ES50 MINUTES OF THE PREVIOUS MEETING
Cllr R Atkins proposed, Cllr Kent seconded:
The minutes of the meeting held on the 11th September 2023 should be
APPROVED.
CARRIED unanimously

The agenda order was changed to allow for the Skate Park upgrade & confidential items to be to be discussed first.

ES51 UP GRADE OF SKATE PARK
Members held a discussion as to whether the Skate Park should remain in the existing location, or an alternative should be considered.
The following issues were discussed:

- Drainage on the site – was it adequate or would it need upgrading? An increase in the hard surface area could cause potential problems. These would need to be addressed first.
- If events were held in the new skate park would there be enough parking
- Green Lane might be more appropriate as developments were being carried out on that side of town
- There was enough space on the site to expand the skate park
- Road safety
- There was no doubt that an upgraded skate park was required. A recent survey carried out by the skateboarders had shown that out of 174 responses 69.4% were in favour of a new improved skate park.

The Clerk advised

that when the original skate park was built in 2007 extensive research had been undertaken to establish the best location and Putlands was selected. There is already Planning permission for this site. There are soakaways already installed on the site and they would need to be checked to see if they had sufficient capacity. There were also plans to improve the junction at Badsell Road/Mascalls Court Road with improved pedestrian crossings.

Cllr R Atkins proposed, Cllr Room seconded:

That the Committee agrees to upgrade the Skateboard park in its existing location.

ES54 **CEMETERY**

A request has been received from a family to be allowed to erect kerb stones surrounding their plots. This has been requested for cultural reasons. The Council's cemetery rules state "Individual planting of graves spaces is not permitted, and the erection of kerbstonesis not permitted." A copy of the rules can be found on the website <https://paddockwood-tc.gov.uk/cemetery-rules-for-families/>.

Cemetery B, which is the open section of the Cemetery is laid out as a lawned cemetery. This allows for a single headstone for each plot, the sizes of which are specified in the Cemetery Rules. The cemetery can then be mown along the rows.

Members discussed whether to allow for kerbs to be installed around plots as requested. Members considered the following issues:

- Maintenance issues
- Cultural issues
- If allowed, should it be retrospective.

Cllr R Atkins proposed, Cllr Thompson seconded:

That the Council does not amend the cemetery rules to allow for kerbing.

CARRIED 6 in favour 2 abstentions.

ES55 **FOAL HURST WOOD**

 The hanging baskets had been removed.
 Cllr Mobbs proposed, Cllr Kent seconded:
 That the baskets should be repeated for 2024.
 CARRIED unanimously.

ES58 LEVELLING UP FUND
 The Estates Manger made a further application to the Levelling Up Fund for the following sites:

- i) Whites Corner
- ii) Batters and Mount Pleasant
- iii) Planting at Memorial Park

Each application was for £3500. The only site to be successful was Whites Corner and a grant of £2038 has been offered.

A contractor to clear the vegetation to the rear of the site would cost £1020. Soil and new plants would still need to be bought from the remaining fund. The Estates Manager advised that the Estates Staff carry out the replanting work, but a contractor was needed to dig out the old stumps. There was likely to be a shortfall of about £200 which could be taken from the planting cost centre. The adjoining residents would be notified.

Cllr R Atkins proposed, Cllr Mobbs seconded:
That the £2038 should be accepted and the work progressed.
 CARRIED Unanimously

ES59 FOR INFORMATION
